

URGENT NOTICE

OFFICIAL TUC RULING CONFIRMS NEU NOT RECOGNISED TO NEGOTIATE OR COLLECTIVELY BARGAIN FOR SCHOOL SUPPORT STAFF

GMB is a recognised trade union for school support staff, meaning that GMB can negotiate and bargain on behalf of its members on issues such as pay, pensions and terms and conditions.

NEU is a recognised trade union for teachers, meaning that NEU can negotiate and bargain on behalf teachers **but not support staff**.

Recently, the TUC ordered NEU to pay GMB, and the other recognised support staff unions, a 6 figure sum in financial compensation because NEU had been actively recruiting support staff into it's membership when it is not a recognised support staff union.

GMB only represents the interests of support staff in schools and is therefore not conflicted by representing the differing interests and priorities of different staffing groups.

GMB can assist members with all workplace issues such as disciplinaries, grievances, restructures and redundancies. In addition, as a campaigning union GMB is fighting to end the tolerance of abuse and violence against support staff and ensure that all support staff are properly recognised, valued and rewarded.
