Be Encouraged and Equipped to Serve as a Life Evangelist

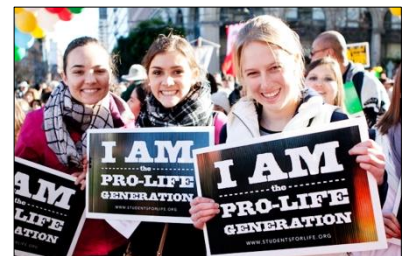

The greatest need of - and opportunity for - the pro-life movement is to develop a core group of pro-life activists who faithfully, zealously and effectively ask others to participate in our work. On July 27th, at the end of Mass, veteran pro-life activist Patrick Stanton and Karly Brown, the President of Temple University Students for Life, will deliver brief pro-life evangelization presentations.

Our Pro-Life Evangelization Efforts Continue
